... BORMIOLI ROCCO

Frigoverre Fun is a new line of glass storage ware from Bormioli Rocco based on its popular Frigoverre line. New shapes and sizes are decorated with fun designs and three choices of colorful BPA-free plastic lids, which have a soft rim for optimal closure and an easy opening tab. The bottom part of the container is made of glass which can be used in both the freezer and microwave. Frigoverre Fun pieces are also dishwasher-safe and have a writing space on the front of the container to keep track of what's inside. The items can also be easily stacked.

SIEGER Sieger is showing its Black Rush espresso cups, slim porcelain cylinders plated in either gold or platinum, with a saucer to match. The set retails for \$390. In addition to Black Rush, Sieger will offer espresso cups in the following designs: White, Emperor's Garden, Treasure Platinum and Treasure Gold. The color collection will be extended into MY CHINA! with plates and Matroschka egg cups available in bold hues. Sieger's tabletop collection also includes Nile & Co alligator objets d'art which can double as knife rests. **fuerstenberg-porzellan.com**
