### cook's helper

Love to cook, but hate all of the math that is sometimes involved? Have no fear; with the Stainless Steel Equivalents Magnet you will only need to take a quick look at your refrigerator door to convert between cups, ounces, tablespoons, teaspoons, and milliliters. This magnet will be used for years to come, and might even out last your refrigerator. Who knew that such a simple, inexpensive product could be so much help in the kitchen? To purchase, log on to [www.thecontainerstore.com](http://www.thecontainerstore.com).

### like a pro

Love the convenience of a knife block on your countertop but hate the amount of space it takes up? The Low-Pro Knife Block solves this problem with its slender design. Made of solid, laminate white oak, the knife block features a metal swing arm. This allows you to place it either vertically, between appliances, or horizontally, in a drawer. The Low-Pro Knife Block has slots for seven knives and a hole for a knife sharpener. To order, visit [www.napastyle.com](http://www.napastyle.com) or call (866) 776-6272.
